MONEY, BONDS AND STOCKS.

A Marked Increase of Activity in New York, with a Strong Closing.

NEW YORK, Sept. 19 .- Money on call was easy at 223 per cent., the last loan being made at 2, closing offered at 2021 per cent Prime mercantile paper, 51 071 per cent.

Sterling exchange was quiet but steady at \$4.84? for sixty-day bills, and \$4.88? for demand. The total sales of stocks to-day were 553,509 shares, including the following: Delaware. Lackawanna & Western, 41,950; Erie, 11,410; Hocking Valley, 13,820; Lake Shore, 37,068; Louisville & Nashville, 6,439; Missouri Pacific, 8,900; Northwestern, 44,440; Northern Pacific, 3,170; Norther Pacific preferred, 15,300; Oregon Transcontinental, 11,570; Reading, 54,530; Richmond & West Point, 6,470; St. Paul, 183,760;

Union Pacific, 11,720; Western Union, 11,345. The stock market to-day was more active than on any day for a long time, and at the same time was stronger, even to buoyancy, the improvement extending right through the list The feature of the dealings was the heavy buying of the foreign houses whose purchases were measured by the thousands. There was much speculation as to the object of the heavy absorption of St. Paul, especially, though the majority of the habitues of the street set it down to the desire of the foreign holders of the stock to obtain complete control and make changes in the board of directors, and by some Mesers. Armour and Plankinton are believed to be also in the scheme with the Londoners. There was no positive information upon the point, how-ever, everything being conjecture. The "bears" were completely demoralized for the time being, and in their haste to cover their "shorts" and get over to the "bull" side ran up the price of the stock over 5 per cent. The sold off a little, but closed at 8.80c, or only 2½c improved outlook among the trunk lines for lower. January cold at 7.10 2 7.12½c, closing at harmony, with the late advance in rates, served the inside. On the afternoon board wheat adto bring the stocks of those lines once more into prominence, and Lake Shore especially, became a feature of the day and crossed par for the first time in two years on large transactions. Gould stocks were comparatively neglected. There were a few stocks, among them Lackawanna and New England, which are subject to considerable manipulation, which failed to respond to the general advance, and at times showed considerable weakness. There were, again, several rumors in regard to the deal in New England, but nothing of a positive nature. The decision of the arbitrators in the suit of the Hocking Valley against Judge Burke, being adverse to the company, the stock of that road became extremely weak, and after a decline of over 10 points, recovered a small portion of its loss. The weakness in it had some effect in holding back the improvement in the general list and led to a slight reaction, but its influence was of short duration and the upward movement was soon resumed. Commission houses had liberal buying orders and many of the traders were over on the "bull" side, which gave the market a very strong tone throughout. First prices, with to I per cent. higher than last evening's closing agures, and although, through the pressue upon Lackswanns and New England, some reaction secured in the first few minutes, the market soon became strong, though no decided gains were made until after noon, when everything joined in the great upward movement of the day. There was another slight set-back toward 2 P. M., and free realizations occurred, but their effect was not seen until the last half hour, when prices sagged off slightly; the close, lowever, was very active and strong

outside of Hocking Valley, which lost 9 per cent, the declines to-day are few and unimportant, while St. Paul rose 44, and the pre-ferred 24; Burlington & Quincy, 2; Louisville & Nothville, 14; Lake Shore, 14; Northwestern, 14; Omaha, I per cent., and the rest of the list The decision of the arbitrators of the Hocking Valley case made the bonds of that company as conspicuous for weakness as the stock, and they lumped badly. The fives lost 32, at 80 on sales of \$101,000, and the sixes, on a very moderate business, 6 to 81. The general list was quiet

and irregular, though the Reading fours con-tributed \$140,000, and the Ohio Southern in-comes \$168,000 to the day's total of \$1,125,000. There was no other feature in the market. Government bonds were active and strong.

State bonds were dull and steady. Closing Four per et bonds. 128% Kansas & Texas... 13 Four per cent. coup. 129% Lake Erie & Weste'n 18

CHICAGO, Sept. 19. - Prices were generally

lower this morning on 'Change. Wheat opened

sion, which gave a range of lc in December.

The situation in the Northwest continues bull-

ish, while the seaboard and abroad are bearish.

One bearish symptom here to-day was the dull-

opening price, and to under last night.

There was no great agitation in corn, but a gradual sinking of prices. This was

natural and unavoidable. The weather through-

out the corn beit is of the finest, and the re-

ceipts here were not only large, 646 cars, but

ber sold at 431 & 431c, closing at 431c; October,

With the exception of October pork, which

started 7 le lower, the general list opened at

closing at \$14.45, with January at \$13.95, about last night's figures.

INDIANAPOLIS MARKETS.

A Brisk Trade in Progress in Most Depart-

INDIANAPOLIS, Sept. 19. There were a large number of buyers in today, country merchants combining business with a visit to the State fair. Especially were the dry goods men and grocers busy. Probably the sales of the dry goods men to-day were the largest in any day for some months. The fact is that in styles, quantities and prices, Indianapohis dry goods houses can eclipse those of any former year, and this is appreciated evidently by the merchants who draw their supplies from this market. Grocers were quite busy. The strong tone to sugars, coffees, canned goods, and in fact to all staple groceries still prevails, and naturally retail grocers are adhering to the hand-to-mouth policy of buying, hoping for lower prices in the near future; but present indications are that for some weeks the present range of prices will prevail. The provision mar-ket is firm at the advances of late, and a good deal is doing in a jobbing way. The produce markets rule active, and prices as a rule are firm and unchanged. Peaches are coming in slower, and good fruit brings good prices. Irieh and sweet potatoes are in abundant supply, and prices shaky at quotations. Eggs, poultry and butter steady. Receipts quite large, especially of poultry, but the demand is good, consequent-

ly stocks do not accumulate. There was a steady, firm tone to the wheat market, while corn ruled rather flat, unless for mixed grades. Oats steady at about Tuesday's range of prices. Track bids to-day ruled as fol-

Archbishop Corrigan's Coming Jubilee. NEW YORK, Sept. 18 .- The sacerdotal silver jub lee of Archbishop Corrigan will be celebrated with much pomp and ceremony at St. Patrick's Cathedral, in Fifth avenue, on Thursday morning. The ceiebration is in commemoration of the twenty-fifth anniversary of the ordination of the Archbishop as a priest of the Catholic Church. Great preparations are being made to make the occasion both solemn and imposing. At 10:30 o'clock pontifical mass will be celebrated by the Archbishep, assisted by Monsignor Preston and many of the other dignitaries of the church. After mass a grand Te Deum will be sung by both choirs. When this is over, Vicar-general Donnelly will advance to the throne occupied by the Archbish-op within the sanctuary, read an address in behalf of the priests of the archdiocese of New York, and then present the Archbishop with a testimonial, subscribed by themselves alone, of close upon \$20,000. Brother Justin will then appear, representing the different communities of Christian brothers, and will read an address. Next, in behalf of the Catholie laymen, not alone of the city, but of the entire archdiocese, an address of congratulation will also be read, but it has not been decided as yet to whom this duty is to be intrusted. After the ceremonies there will be an informal reception. The archdiocese of New York, over which the Archbishop has spiritual jurisdiction, has an estimated Catholic population of over eight hundred thousand souls, an immence increase from that day, a quarter of a century ago, when the bishop was ordained and when the Catholic population of
